## George M. Suhy Grant Program

The current program period runs from January 1, 2018—December 31, 2022. During this period, the program allows three grants in a five year period. A homeowner may use one, two, or all three grants in one year during the five year period, provided the grants are used on separate projects, i.e., a single grant can be used for one project, two grants can be used for two different projects, etc. The maximum amount paid per grant is \$1,000.

### **Important Updates**

Before a project begins . . .

- Grant application form Part 1 must be obtained from the Building Department <u>before</u> any grant eligible project is started.
- All signatures, including signature of Finance Department, must be obtained before grant process can begin—no exceptions can be made to this process.
- Old versions of Grant Application Part 1 and Part 2
  are obsolete. No applications for grant program will
  be considered on obsolete versions of these forms.
- The current version of the grant form is dated 2019.

Questions? Call the Building
Department at (216) 641-7020

QUALIFYING IMPROVEMENTS UNDER THE GEORGE M. SUHY GRANT PROGRAM Chapter 1495 Codified Ordinances

Exterior Qualifying Improvements. Exterior qualifying improvements are drive and walk replacement, roof replacement and repair to include rafters and sheeting, siding replacement and repair, brick work replacements and repair, exterior painting of more than 500 square feet, chimney replacement and repair, replacement of windows and exterior doors including garage; repair or replacement of exterior stairs and landing porches, and repair or replacement of exterior soffits; installation, repair or replacement of retaining walls to support earth pressures, whether or not visible from the street; excavation, repair or replacement for exterior dwelling foundation drain tile; waterproofing of belowgrade exterior walls; and excavation, repair or replacement for exterior sanitary/storm sewers.

Interior Qualifying Improvements. Interior qualifying improvements are installation or replacement of furnace, with or without air conditioning; installation of a central air conditioning unit, with or without installation or replacement of furnace; and installation or replacement of hot water tanks or tankless hot water systems serving the entire dwelling; whole house exterior wall insulation and/or whole house ceiling insulation; main electrical panel replacement; and excavation, repair or replacement for interior dwelling underground building sanitary/storm drainage sewers.

<u>Landscape Qualifying Improvements</u>. Qualifying improvements are installation or replacement of underground irrigation systems; installation of new or replacement trees, bushes, and flower beds; installation or replacement of stone or paver patios or walkways; reseeding or sodding of lawn of more than 600 square feet.

# Harvard Ave. over I-77 to close for 180 days

Beginning early morning Thursday, March 28, Harvard Avenue over I-77 in Newburgh Heights will close for 180 days for a bridge replacement.

Off-peak lane closures on I-77 and temporary complete closures of I-77 north and southbound will take place over several weekends to accommodate bridge demolition and construction operations. Detours will be posted.

The project is expected to be complete October 2019.

- Eastbound Harvard Ave. motorists will be detoured via I-77 southbound to Grant Ave. to I-77 northbound to Harvard Ave.
- Westbound Harvard Ave. motorists will be detoured via I-77 northbound to Pershing Ave. to I-77 southbound to Harvard Ave.

We appreciate your patience during this important public improvement project.
