From Mayor Bacci's Desk

Our weather has been very interesting this winter to say the least—from the high 60's to snow. I don't ever remember a February being this nice, and before you know it, Easter will be around the corner. Speaking of Easter, some of you may remember that in our December newsletter I mentioned that one of our young, invested residents wanted to see if there was a possibility of bringing back a traditional event. After discussing the matter with council, it was decided to have our annual Easter egg hunt. The event is open to Cuyahoga Heights resident children and grandchildren from 0-12 years of age. It will take place at 11:30 a.m. on Saturday, April 1 at Klima Gardens. Please make sure the children bring their Easter basket/bag with them so they have something to put their eggs in during the egg hunt. We will also have a special guest appearance by the Easter Bunny who will be more than happy to take pictures with all. We hope that many of our residents will be able to attend.

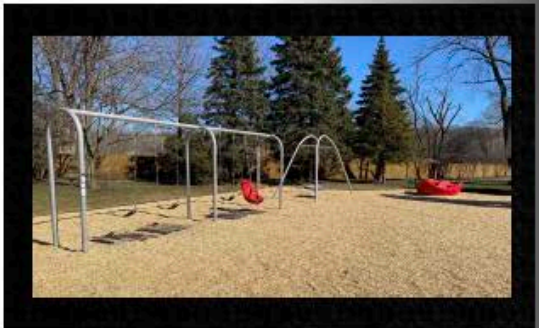

Around Town

This past December we sent out a notice to our residents informing them that the Bacci Park playground would be undergoing renovations. For those that didn't know, the project has been completed and the playground is incredible! Many of the older children in town have already been using the playground during those beautiful days in February. Once again, I want to thank our elected officials for their support of this project, as well as to Cuyahoga County for the development supplemental grant which helped with a portion of the cost on this project. Bacci Park is truly an amazing park that has so much to offer, and I know many of us are looking forward to the opening of the concession stand, as well as the food trucks this summer.

On Thursday morning, March 16 the Cuyahoga Heights Elementary School will be hosting their annual Grandparents Day. We just wanted to make everyone aware of this event as there will be a lot of traffic and activity on East 71st Street that morning.

Events

Last chance—memorial tree deadline is Monday, March 27. We will be celebrating Arbor Day on Friday, April 28 at 5:30 p.m. at Bacci Park. In doing so, residents may honor departed family members through the planting of a memorial tree. Residents may purchase a tree through the village for \$200 (cash or check) which includes your choice of a tree (Pin Oak, Red Oak, Norway Maple, Green Mountain, Sugar Maple, or Red Maple), its planting and initial maintenance, and a memorial plaque. The application along with payment must be turned into the village hall no later than March 27. Applications are available at the village hall, or you can download the form which is located on the home page of our website.

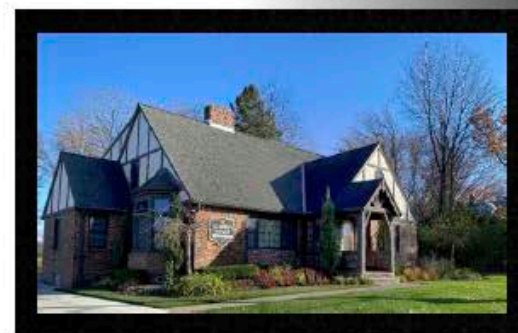

From Mayor Bacci's Desk (continued)

A bus trip is scheduled to the West Side Market on Saturday, March 4. The bus will pick up residents at their home beginning at 7:00 a.m. Shoppers will have a couple of hours to enjoy all the market has to offer. The bus will depart the market at 9:45 a.m. to bring you back to your residence. Residents must register by calling the village hall no later than 3:00 p.m. on Friday, the day before the trip. Please also note that children 15 years of age and younger must be accompanied by an adult.

Our Historical Committee members will have the Kennedy House open for visitors on Saturday, April 1 from 10:00 a.m.-12:00 p.m. If you haven't had the opportunity to visit—you really should. Go back in time and see household items, clothing, pictures, newspaper articles—items that relate to our town. The house is only open about five times per year, so mark your calendar and stop by.

At the request of several of our senior residents, our village wide garage sale has been changed from the last Saturday to the first Saturday of June. Mark your calendar for Saturday, June 3 from 8:00 a.m.—3:00 p.m. All village residents that are interested in participating in the garage sale at their homes need to register by calling the village hall at (216) 641-7020 during normal business hours. By registering your residence for this event, you will receive one (1) table which will be dropped off at your home earlier that week by our service department. Please be advised that there are not enough tables for more than one table per residence. In addition, we will be placing ads in the Neighborhood News and online in an effort to promote our garage sale. The deadline to register is Wednesday, May 17.

Services

For those residents that didn't know, several of our village hall staff members are Notaries for the State of Ohio, Cuyahoga County, and would be happy to notarize anything that you require, free of charge during regular business hours.

Our transportation program continues to be one of the most utilized services our village provides. This service is available for our senior citizens (60+ years of age) who are otherwise unable to get to their doctor's appointment. If any senior citizen has a doctor's visit and are in need of transportation, please contact Vera Heinzman at the service department one week prior to the scheduled doctor's visit at 216-641-2702.

Condolences

Long-time resident Mrs. Adeline Lipiec passed away on February 2; she was 97 years old. Please keep her family in your thoughts and prayers and especially to her family who reside here in town: Mary Ann Ulmschneider, Danny Lipiec, Matt Cowling, and Vanessa Cowling and family. Pictured with Mrs. Lipiec is her daughter Mary Ann at last September's senior citizens flu shot and breakfast at Klima Gardens.

A Message from Your Police Department

Get in the Know before Betting your Dough

Sports betting is officially legal in the State of Ohio and in just two short months, Ohioans have more than cashed in on top.

A recent January study conducted by cybersecurity company GeoComply has Ohio ahead of New York when it comes to total volume of sports betting across the state.

However, where there are rewards comes plenty of risks as well.

One of the main concerns many people wonder is the simple question - Is gambling on sports safe?

Sportsbooks like Draft Kings, FanDuel and BetMGM are just a few of the more recognizable sports betting apps in the country.

These three are both safe and secure but will ask new users to provide key personal information when signing up. This includes home addresses, phone numbers, credit cards and even bank account numbers.

Some advice for any sports fan looking to make wagers and gamble on their favorite sports teams is to use these well-known and bigger sportsbooks when placing bets. The internet is full of many sites you can gamble on a big game, but using reputable companies to do it is the safest and most secure way to practice safe betting to limit cybersecurity risks.

There's no question gambling on a sporting event can make the overall game more exciting in so many ways. The truth is though it can also come at a price of severe financial loss or become an addiction as well. The Problem Gambling Network of Ohio reported that the Buckeye State more than doubled the amount of phone calls to the Ohio Problem Gambling Helpline since the start of January.

If you or someone you know has a gambling problem be sure to contact the National Problem Gambling Helpline Network at 1-800-522-4700.

So how can you stay in the know and bet safe and securely?

Here are a few tips for all new sports bettors:

- Start with small bets.
- Don't deposit more money than you're willing to lose.
- Don't chase losses.
- Have a clear and sober mindset when betting.

Lastly, for those with children, make sure access to cell phones and credit cards are not easily accessible. Secure the ease of access into your phone with a pin or fingerprint lock and setup a separate password when logging into any sportsbook app.

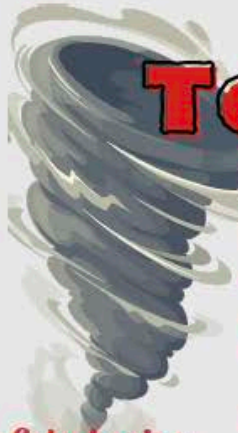

FROM YOUR FIRE CHIEF

MIKE SUHY

The village will be participating in a statewide tornado drill on March 22 at 9:50 am. We will be sounding our warning sirens throughout the village. Below are some safety tips to follow shall we ever have a tornado in our area.

Tornado Safety Tips

*Whether practicing in a tornado drill or sheltering during a warning, the Ohio Committee for Severe Weather Awareness encourages Ohioans to **DUCK!***

D - Go **DOWN** to the lowest level

U - Get **UNDER** something

C - **COVER** your head

K - **KEEP** in shelter until the storm has passed

Safety basics

A tornado's path of destruction can be more than one mile wide and 50 miles long, and can devastate a neighborhood in seconds. You may have little warning, so preparation and planning are key to reducing injuries. It's important to know what to do before, during, and after a tornado:

BEFORE

Know a safe place: Know the safe places at home, work and at school. Locate local shelters and be aware of the tornado risk in your county or parish.

- Practice tornado drills at home and school.
- Have a plan for how family members will contact one another during an emergency. Establish an out-of-area contact (such as a relative or family friend) who can coordinate family members' locations and information should you become separated. Make sure children learn the phone numbers and addresses and know the emergency plans.
- Prepare a family disaster supplies kit. Families with children should have each child create their own personal pack.

DURING

During a tornado watch:

- Remain inside, away from windows and doors.
- Listen to the radio or TV. Keep a battery-operated radio or a NOAA Weather Radio.
- Make sure your family disaster supplies kit is complete.
- Be alert during a thunderstorm watch. Severe thunderstorms can produce tornadoes.
- Being prepared will give you more time should the weather turn severe.

During a tornado warning - Listen to the radio or TV for weather updates and instructions from local officials. Quick action and planning ahead can save your life! If you get caught in a tornado, know what to do: take shelter immediately; stay away from windows, corners, doors and outside walls; be aware of flying debris. Crouch on the floor near an interior wall or under a heavy object, such as a table. Bend over and place your arms on the back of your head and neck (which are injured more easily than other parts of your body).

AFTER

Continue to listen to the news and weather updates. Stay away from power lines and broken glass. Be aware of the possibility of broken gas lines and chemical spills. If you smell gas or chemical fumes, immediately evacuate the area and contact authorities. Stay out of damaged buildings and return home only after authorities have issued an all-clear signal.

Residential Snow Removal Program

- All village roadways will be plowed first and maintained prior to any driveways being plowed.
- Once the service director feels that the roadways and municipal buildings have been maintained, the driveways of our senior citizens will be plowed (using the same criteria that applies to our grass cutting service).
- Afterwards, taking into consideration manpower, time and safety issues, the village will help residents with their driveways in the event of a storm that produces more than 2-4 inches of snow at the resident's request.
- All residents must have driveway markers in place in order to allow the service department to plow their driveway. The village will provide markers and place them for all seniors who qualify for the "grass cutting program." Residents with shorter driveways need 4 markers in place, and long driveways must have 6 markers. They need to be placed at the beginning, middle (if long drive), and at the end of your drive. If you wish to purchase markers from the village for \$1 each, please stop at the service department.

Should you have any questions please contact Service Director, Dave Sammons at 216-641-3505.

Please note that residents are responsible for cleaning their driveway aprons, as it is difficult to plow them over again after the streets are plowed. Each homeowner and/or resident must have a waiver of liability on file at our service department.

If you already have filled out a waiver of liability and there have been no changes to it, there will be no need to fill out a new one. If you are unsure if you have one on file, please contact Vera Heinzman at 216-641-3505 or sd@cuyahogaheights.com.

FirstEnergy Ohio Utilities Encourage Customer to Arrange Payment Plans and Apply for Bill Assistance Programs

Programs can help alleviate growing balances for customers having financial difficulty

AKRON, Ohio, Jan. 13, 2023 -- Residential customers of Ohio Edison, The Illuminating Company and Toledo Edison, subsidiaries of FirstEnergy Corp. (NYSE: FE), who are having difficulty making ends meet are encouraged to contact their utility now to enroll in payment plans or to receive referrals for bill assistance programs.

"Many of our customers continue to face financial challenges due to ongoing economic uncertainty," said Patricia Mullin, acting president of Ohio Operations for FirstEnergy. "With winter in full swing, I encourage customers who have fallen behind on their bills to contact us as soon as possible so that a member of our team can review their options with them."

Some of the programs customers may be eligible to participate in include:

- **The Percentage of Income Payment Plan (PIPP):** Allows customers to pay a set percentage of their income toward their electric bill, regardless of the balance. Customers who maintain their payment plans may be eligible for debt forgiveness. Eligible customers should have income at or below 175% of federal poverty guidelines. To apply, call 1-800-282-0880 or visit www.energyhelp.ohio.gov.
- **Home Energy Assistance Program (HEAP):** Provides eligible customers with cash grants for home heating bills and emergencies. Customers must have gross income at or below 175% of federal poverty guidelines. Call the Ohio Department of Development at 1-800-282-0880 or visit www.energyhelp.ohio.gov for more information.
- **2-1-1 Helpline:** This nationwide resource and information helpline identifies locally available programs that may assist customers with utility bills or other needs. For more information, dial 211, text your ZIP code to 898211 or visit the 211 website.
- **Save the Dream Ohio – Utility Assistance Plus (UAP):** This program provides Ohio homeowners facing economic hardship caused by the COVID-19 pandemic with assistance paying mortgages, utility bills, non-escrowed property taxes and other qualified housing costs. A household may receive up to \$10,000 in utility and/or housing cost assistance. This part of the Save the Dream Ohio program is administered by participating local nonprofit agencies including the Community Action Agency and the Area Agency on Aging. A list of participating organizations can be found at <https://savethedream.ohiohome.org>.
- **Emergency Rental Assistance:** Customers who are having difficulty paying utilities, rent or mortgage due to the COVID-19 pandemic may apply for a Home Relief Grant. Visit COHHIO – Coalition on Homelessness and Housing in Ohio – at <https://cohhio.org/>, to find an agency near you.
- **Emergency Hardship Funds:** These funds may be available to residential customers who have suffered a recent financial hardship and need temporary assistance to pay their electric bill. Ohio Edison customers can apply for Project Reach at any participating Salvation Army location. Toledo Edison customers can apply for Neighbors Helping Neighbors by contacting the Toledo Salvation Army at 419-241-3549. Illuminating Company customers can apply for Co-Op funds at the Cleveland Salvation Army at 216-861-8185, or for the Ohio Fuel Fund by calling CHN Housing Partners or Step Forward at 216-350-8008.

Additionally, the \$175 Winter Reconnect Option allows residential customers who are disconnected or at risk of disconnection the opportunity to pay \$175 to have their service restored or maintained. There is no income eligibility requirement. PIPP customers who use this option may be eligible to have a reset of their past due amount.
