

A MESSAGE FROM YOUR FIRE CHIEF, MIKE SUHY

NATIONAL FIRE SAFETY WEEK

RECAP

The Cuyahoga Heights Fire Department had the pleasure of visiting the elementary school to teach our Pre-K through 5th-grade students about fire safety and the proper use of 9-1-1. Topics included stop, drop, and roll; staying low in smoke; checking doors for heat; and the importance of smoke detectors and having a home escape plan.

The students also had the opportunity to explore the fire truck and ambulance, meet our firefighters, and learn more about the equipment we use to help keep our community safe. Upon completing their "training," each student received a firefighter helmet and badge!

We also visited the middle school to provide students with valuable safety education, including stroke awareness, Stop the Bleed training, and fire extinguisher safety and proper use. These lessons help students recognize emergencies, understand how to respond, and potentially save lives.

A big thank-you to the elementary and middle schools, along with the staff, for welcoming us and giving us the opportunity to educate our students. These visits are something we look forward to and enjoy every year. We are proud to help build a safer, more prepared community through education and hands-on learning!

*Happy Thanksgiving
from the
Cuyahoga Heights Fire Department!*

*As we gather with family and friends to give thanks,
the Cuyahoga Heights Fire Department wishes
everyone a safe and happy Thanksgiving. Please keep
fire safety in mind while cooking , never leave the
stove unattended, keep flammable items away from
open flames, and make sure smoke alarms are
working properly. Enjoy the holiday, and thank you for
helping keep our community safe!*
